

## Matrix Citrusolve Spotter

Matrix Citrusolve gently yet powerfully removes a wide variety of stains, even on stain-resistant carpets. It is a double-duty pre-spray and spotter with grease and soil-cutting power and a pleasant citrus scent.

Citrusolve's powerful formula is made from a special blend of solvents, including those made from citrus rinds. It works fast on hard-to-remove oil and water-based spots, cutting through and liquefying them for easy, thorough rinsing.

Citrusolve works great as a ready-to-use spotter for those tough super-sticky spots, or you can dilute 8-10 oz per gallon of water for an all around soil-busting pre-spray.

Safe for use on stain-resistant carpet.

- Ideal spotter for chewing gum, tar, wax, and more
- Special blend of solvents including those made from citrus rinds
- Safe for stain-resistant carpet
- Various dilutions
