

For quick and easy removal of chewing gum or wax **Matrix Glacier** with Freeze Action

Easy to use. Extremely effective.

If you dread coming across gum, wax, putty, and other sticky residues on carpet, you need **Glacier Gum Remover**. This simple spray will immediately freeze the sticky substance, making it easy for you to lift off the brittle, frozen bits.

Glacier Gum Remover will not leave a residue and can be safely used on carpet, upholstery, drapery, clothing, and most hard surfaces. It can be used in residential and commercial settings with complete confidence.

Always make sure to have a can and a Gum Getter or bone spatula handy and you'll never get stuck on gum or candle wax again!

MATRIX™

Usage Instructions

Usage Instructions:

1. Remove all materials possible with a bone spatula or the Gum Getter.
2. Hold snorkel tube about 2 inches from substance and spray with a 5- to 10-second blast.
3. While material is hard and brittle, scrape rapidly with a bone spatula or the Gum Getter. Repeat as necessary.

Freeze it.

Scrape and Remove.
