

# The One-Two Punch that's Safe for All Fiber Types

Matrix **New Decade** Traffic Lane Cleaner and Detergent

If your supply shelves (*and your budget*) are overloaded with different products for every carpet type, you need to switch to New Decade Traffic Lane Cleaner and New Decade Detergent.

New Decade products are proven safe and reliable for use on all types of carpets and rugs – including stain-resistant and wool. In fact, all of the major fiber producers have approved New Decade for use on their carpet.

You no longer have to spend time and energy trying to identify the type of carpet you're about to clean. New Decade TLC and New Decade Detergent are the one-two punch that will handle all of your cleaning needs. Their powerful formulas will cut through dirt and grime for easy, thorough extraction.

Now you can streamline your supplies and save money in your budget. These products are super concentrated for economy, giving you the most bang for your buck. Plus, they perform as well as, and in some cases better than, some other heavy-duty products on the market!

## Dilution and Usage Instructions

New Decade Detergent pH: 6.5 • New Decade Traffic Lane Cleaner pH: 6.5-7.5

### New Decade Detergent Dilution:

**For Truck Mounts:** 32 oz per 5 gallons of water for stock solution

**For Portables:** 2 oz per 5 gallons of water

**New Decade Traffic Lane Cleaner Dilution:** 16 oz per gallon of water.

### Usage Instructions:

1. Vacuum carpet thoroughly.
2. Dilute Matrix New Decade Traffic Lane Cleaner into a pump-up or inline sprayer and spray onto all traffic lane areas.
3. Use a groomer to groom in the pre-spray and allow a 10-minute dwell time. Do not allow pre-spray to dry on carpeting.
4. Clean carpet with Matrix New Decade Detergent diluted according to label.
5. To neutralize carpet, dilute Matrix All Fiber Rinse into a pump-up sprayer, inline sprayer, or extractor and apply to carpet.
6. Set air movers in room to speed dry carpet.
