

Break up and liquefy even the toughest urine deposits. Matrix Urine Pre-Conditioner Deodorizing Pre-Spray.

Fast and Complete Removal.

As urine ages in the carpet, it changes from an acid to an alkaline material and leaves ammonium salts behind. These salts are insoluble, so your usual pre-sprays and traffic lane cleaners won't be able to remove them.

That's when you need the power of Matrix Urine Pre-Conditioner to break up and liquefy urine deposits for fast decontamination. This incredibly effective product suspends urine salts so they can be completely flushed away. For best results, follow up with Matrix Bottom Line Odor Eliminator.

Matrix Urine Pre-Conditioner is safe for use on

- Stain-resistant carpet
- Upholstery
- Draperies
- Bedding
- Mattresses
- Clothing.

Precautions and Usage Instructions

pH: 0.5 - 1.0 • Safe for use on stain-resistant carpet

Dilutions:

Dilute 8-24 oz of Matrix Urine Pre-Conditioner per gallon of water.

Usage Instructions:

1. Saturate the area with diluted Matrix Urine Pre-Conditioner and allow 15-20 minutes of dwell time.
2. Rinse area thoroughly using hot water extraction.
3. Recreate the urine penetration with Matrix Bottom Line Odor Eliminator (used straight or diluted 43 oz per gallon of water). It can be applied as a topical spray or injected into the carpet and padding. A black light will help to gauge where to apply the treatment. For best results, overlap the affected areas by as much as 30-50%.

5 Important Questions to Ask Your Customers

These will help you to better understand the scope of the customer's problem.

1. Did the customer inherit the problem from someone else?
2. What product has the customer already used on the problem area?
3. How long has the problem existed?
4. Is more than one animal involved?
5. Was the animal confined to one room in particular or did it have free reign of the house?
