Microban Clean Carpet Sanitizer should be an integral part of any carpet maintenance program. After cleaning, set carpet pile in one direction with carpet brush. Place foil carpet tabs or wring out excess solution. Discard bonnet after first use. For use with disposable bonnets: Mix four (4) ounces of Microban Clean Carpet Sanitizer per gallon of water. Spray on carpet at a rate of 200-300 square feet per gallon. Scrub with rotary floor machine equipped with bonnet or pad.

Microban Clean Carpet Sanitizer per gallon of water. Mix two ounces of Microban Clean Carpet Sanitizer for use in hot water extraction, spin bonnet and immersion carpet cleaning.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**GENERAL INFORMATION**

Microban Clean Carpet Sanitizer is a fungistatic, bacteriostatic agent against odor causing bacteria and fungi. It contains three antimicrobial agents to reduce or prevent the growth of odor causing bacteria and fungi. Microban Clean Carpet Sanitizer also contains odor counteractants to neutralize unpleasant malodors. Microban Clean Carpet Sanitizer is formulated for use on both synthetic and natural fibers. Microban Clean Carpet Sanitizer is recommended for use on stain resistant carpet. Microban Clean Carpet Sanitizer effectively removes greasy soil. Microban Clean Carpet Sanitizer's low foaming formulation resists soiling.

**PRECAUTIONARY STATEMENTS**

Danger to Humans and Domestic Animals.

**DANGER.** Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes or on clothing. Wear protective clothing, gloves and eyewear (goggles, face shield, or safety glasses). Harmful if swallowed. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish.

**STORAGE AND DISPOSAL**

Do not contain water, food, or feed by storage or disposal. Pesticide Storage: Store in a cool, dry, well-ventilated area inaccessible to children.

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinse is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Non-refillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning if burned, stay out of smoke.

For non-refillable containers for household/residential uses:

Store in original container. Do not store on side. Avoid creasing or impacting of side walls. Non-refillable container. Do not re-use or refill this container. Wrap (container) and put in trash or offer for recycling, if available.

**KEEP OUT OF REACH OF CHILDREN**

**First Aid:**

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Wash skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor for immediate treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**Note To Physician:** Probable mucosal damage may contaminate the use of gastric lavage.

**See side panel for additional Precautionary Statements.**
